

**S & P Coil Products Limited** is a specialist manufacturer and supplier of heating and cooling equipment to the public and private sector in the UK. Established in 1979 as a manufacturer of heating coils and fan convectors, SPC has diversified its product range to include air curtains, radiant panels, trench heating, dehumidifiers and heat pipes.

CPD title:

## 5 CPD seminars: see below for details

1. Energy Conservation and Eliminating Draughts with Warm Air Curtains and Trench Heaters
2. Energy Efficient Cooling and Heating with Radiant Conditioning Sails
3. The Understanding and Design of Energy Efficient Radiant Panel Systems
4. Efficient Use of Heat Pumps with Radiant Heating and Cooling Systems
5. Efficient Use of Ground Source and Optimised Air Source Heat Pumps for Specific Applications

**Seminar 5 is under assessment**

### Seminar details

- Understanding basic principles
- Performance
- Calculations
- Standards
- Design
- Examples

### Duration

1 hour each

### Also available

ThermaTile Plus Radiant Panels brochure  
ThermaSail Radiant Conditioning Sails brochure  
Airdor Air Curtains brochure  
MINIB Trench Heating brochure  
SPC CD-ROM  
SPC Website [www.spc coils.co.uk](http://www.spc coils.co.uk)

### Areas covered

- East Midlands
- Eastern
- London
- North West
- Northern
- Scotland
- South East
- South West
- Southern
- Wales
- Wessex
- West Midlands
- Yorkshire
